

Seal the Deal

7. Compliment her profusely.

Recommended areas to comment on: Clothes, hair, eyes, or general appearance. [See Diagram 2]

Diagram 2 – Recommended compliment areas.

8. Officially ask her out.

a. **[IMPORTANT]** Do not ask her out over facebook or over text messages. Be sure to ask her out in person.

b. Plan the date at least two days out. Placing the date too soon will decrease the importance of the event.

c. Before the date, be sure to revisit step one. Hygiene is of utmost importance at this stage.

Good luck!

Subtle Ways to Get Her Number

Here are some excellent ways to easily acquire a girl's phone number!

1. Take a picture with your phone of something, then offer to send it to her. When she agrees, ask her for her number so that you can send her the picture.
2. Act like you already have her number. Tell her you will text her something later, and when she gives you a funny look, ask her "Don't I have your number?" When the answer is no, ask her for it so you can text that something to her.
3. Create a random phone number. Ask her if that number is her's. When she says no, then proceed to ask her what her number is.
4. Create any sort of mutual plans. Ask her for her number so that you can coordinate the day of the plans.
5. Ask a friend for her number. Proceed to text her silly text messages, while slowly giving her clues as to who you are. To simplify, pretend like you really got her phone number so that you could prank her.

Diagram 1 – A male demonstrating a confident walk. Take note of his head being held high and the wide swings of his arm.

[WARNING] Pick-up lines do not work.

4. Engage in small talk.

[WARNING] Do not mention her weight, the physical appearance of other females in the vicinity, or Star Trek/Star Wars.

[Tip] Ask about her cat.

Winning Her Slowly

5. Inquire what her telephone number is.

- Use subtle techniques. [see Subtle Ways to Get Her Number]
- Do not call or text for at least one day, but do not wait longer than three days. [EXCEPTION] Disregard this if she texts or calls you first.

6. Invite the girl on a "not-date."

A not-date is an outing during which one party is unaware that they were invited with the intent of being flirted with. Not-dates can be very similar to dates.

- For example, invite her to casually dine with you at the dining hall. Or, ask her to join you and a group of your friends for a movie.

[WARNING] The trick where all your friends mysteriously don't show up does not work. She will know it was a set up.

- Flirt casually with her throughout the night.
